'Year Round Food'

*Local Greenhouse Grown
Greens & Herbs*

Rainwater Harvested

Conserves water & helps our community with stormwater management.

Solar Powered

Environmentally-friendly & energy efficient.

Sustainable Hydroponic Farming

8x less land. 10x less water. Smaller footprint. Bigger harvest.

Greenhouse grown & pesticide free at our local Riverside Farms state of the art facility.

DeGoede Farms is a greenhouse urban farming company.

We grow nutritious food, year round, using greenhouse hydroponic farming systems, in the Puyallup Valley. Our mission is to bring local, real food to people in the Puget Sound area of the Northwest! Local and sustainable is our goal.

Meet our growing family business.

Two generations of our family of farmers are committed to growing organic lettuce year round, here in the Puyallup Valley.

We've been farming since the 1960s, in horticulture since the 1980s, and entered controlled environment agriculture in 2016.

We want to change the way people connect to their food.

Bibb Lettuce

Our living Bibb lettuce is crisp and delicious.

Green Bibb is great on sandwiches or as a substitute to the bun for your hamburger. Red cuts easily for an instant salad. Our favorite TRI Tahoma mix makes a blended salad all in one step. Just add your favorite dressing.
